16th December 2019

To whom it may concern,

RE: Miss YUAN Ting – Visiting Scholar at the University of Huddersfield, UK

This letter confirms the invitation of Miss Yuan to the School of Human and Health Sciences (SHHS) at the University of Huddersfield as a visiting scholar. This invitation is being extended by the School's Centre for Applied Research in Health (CARH, see link above), of which I am the Director and has been approved by the School's Associate Dean (International), Prof Paddam Simkhada. This invitation has arisen from a preliminary visit which my colleague, Dr Lihua Wu and I made to Wannan Medical College in 2019.

Miss Yuan wishes to visit the University of Huddersfield from **March 2020 until March 2021**. The purpose of her visit will be to undertake a research project and develop research collaborations between SHHS and Miss Yuan's department at Wannan Medical College. During her visit, she will be hosted by CARH and mentored by Dr Wu and myself. The School will provide Miss Yuan with an office, access to a desktop computer and use of library and other university facilities. Wannan Medical College will cover Miss Yuan's living costs, traveling and bench fee during her stay in the UK.

I hope that this supplies you with all the information that you require. Please contact me as above should you need anything further. Thank you

Yours Faithfully,

Ann-Louise Caress, PhD, BNurs, RGN, RHV, DN Cert, FHEA
Professor of Health Services Research and Director, Centre for Applied Research in Health
