### **Invitation Letter for Chen Jian, born 10.8.1987 for a 5-month visiting scholarship at the SWISS TCM UNI, Switzerland**

---

Dear Mr. Chen Jian,

The Swiss University of Traditional Chinese Medicine (SWISS TCM UNI), Bad Zurzach, Switzerland, is the first accredited TCM University in Switzerland and Europe. The SWISS TCM UNI has launched several high-quality clinical and health culture research projects in the field of TCM and welcomes qualified and promising researchers like you to join and to contribute to our understanding in TCM in Europe. Based on our exchange, your CV and your scientific background, you are specifically invited for coming to Switzerland and to contribute and participate in several TCM-related research projects; to network with other researchers and to extend your methodological understanding. Therefore, please see this letter as an official invitation to join the TCM University for the duration of 5 months, starting in 05.2024. Wannan Medical College will cover your costs of living, traveling, and all other related study fees during your stay.

Furthermore, you will be substantially involved in the organisation of several international conferences, such as the 2nd Scientific TCM Conferences in Switzerland (8.2024) as well as in Methodological Conferences to Critically Appraise Published Clinical Trials.

We believe that an exchange and a stay of Mr. Chen Jian will allow unique and long-lasting collaborations between the SWISS TCM UNI and the Wannan Medical College.

President  
SWISS TCM UNI  
Prof. Dr. tcm Dr. med Yiming Li
